Announcements

New Office of the National Science Foundation (ONC)

The Office of the National Science Foundation (ONC) has been established to advance equity, diversity, and inclusion at NSF and across the research community.

Diversity, Equity, and Inclusion Opportunities

National Institutes of Health

The National Institutes of Health (NIH) invites applications for the Biographical Sketch and Bibliography Writing Workshops to be held in June and November 2023. These workshops are designed to help investigators develop effective biographical sketches and bibliographies for grant applications.

Visit the NIH website for more information and to apply.

Open Call for Nominations: AAAS Honors

AAAS is seeking nominations for the following awards:

- Russell Kirkpatrick Award for Advancing Science and Society
- Henry T. Denton Award for Science, Social Justice, and Equity
- E. O. Wilson Award for Science and the Environment
- Laurent Lamothe Medal for Scientific Research

Deadline: May 16, 2023

UniFirst Student Awardees

UniFirst, a longtime supporter of AAAS, is offering funding for the following opportunities:

- AAAS Student Program Grants (Diversity, Equity, and Inclusion)
- AAAS Student Program Grants (Research and Teaching)

Deadline: May 26, 2023

Proven Initiatives Opportunities

National Institutes of Health (Data Science)

This opportunity supports the development of data science training programs at U.S. research institutions. Institutions are invited to submit proposals that address the needs of underrepresented groups in data science.

Deadline: May 26, 2023

Funding and ISAO-UNESCO/IUPAC (Environment)

This funding opportunity supports environmental research and education initiatives. Institutions are invited to submit proposals that address pressing environmental issues.

Deadline: May 26, 2023

Featured External Opportunities

Administrators for Community-Living (AC-Living)

This program supports research in areas such as health disparities, aging, and social isolation. Institutions are invited to submit proposals that address these issues.

Deadline: May 30, 2023

American Philosophical Association

This opportunity supports the advancement of philosophy and its role in society. Institutions are invited to submit proposals that address these issues.

Deadline: May 30, 2023

American Society for Legal History

This program supports research in legal history. Institutions are invited to submit proposals that address these issues.

Deadline: May 31, 2023

Association of Unions for Community Study of the Congress

This opportunity supports research on the history of the U.S. Congress. Institutions are invited to submit proposals that address these issues.

Deadline: May 31, 2023

Department of Commerce

This program supports research in areas such as cybersecurity, information technology, and geospatial intelligence. Institutions are invited to submit proposals that address these issues.

Deadline: June 5, 2023

National Endowment for the Humanities

This opportunity supports research in the humanities. Institutions are invited to submit proposals that address these issues.

Deadline: June 6, 2023

National Institutes of Health

This program supports research in areas such as health disparities, aging, and social isolation. Institutions are invited to submit proposals that address these issues.

Deadline: June 30, 2023

National Institutes of Health

This program supports research in areas such as health disparities, aging, and social isolation. Institutions are invited to submit proposals that address these issues.

Deadline: June 30, 2023

National Science Foundation

This program supports research in areas such as health disparities, aging, and social isolation. Institutions are invited to submit proposals that address these issues.

Deadline: June 30, 2023

Pivot Energy Foundation

This program supports research in areas such as health disparities, aging, and social isolation. Institutions are invited to submit proposals that address these issues.

Deadline: June 30, 2023

Honors and Awards

American Astronomical Society

This program supports research in the field of astronomy. Institutions are invited to submit proposals that address these issues.

Deadline: July 5, 2023

Griffith Observatory Prize

This program supports research in the field of astronomy. Institutions are invited to submit proposals that address these issues.

Deadline: July 5, 2023

The Electrophysiology Society

This program supports research in the field of electrophysiology. Institutions are invited to submit proposals that address these issues.

Deadline: July 5, 2023

National Institutes of Health

This program supports research in areas such as health disparities, aging, and social isolation. Institutions are invited to submit proposals that address these issues.

Deadline: July 5, 2023

Invited Pivot Searches

A directory of available funding opportunities in various fields of science, including social sciences, environmental sciences, and health sciences. Institutions are invited to submit proposals that address these issues.

Deadline: July 5, 2023

Curated Pivot Searches

- Social-Science Workshops
- Environmental Science Workshops
- Health Sciences Workshops

- Diversity, Equity, and Inclusion Award
- Graduate Student Awards
- Faculty Awards

- Funding Opportunities for Early Career Researchers
- Funding Opportunities for Graduate Students
- Funding Opportunities for Postdoctoral Researchers

- National Science Foundation Opportunities
- National Institutes of Health Opportunities
- American Philosophical Association Opportunities

- Are you trying to secure funding for your research? We can help.

We encourage you to contact us at any time to discuss research funding opportunities that may be available to you. Whether you are looking for grants, fellowships, or other funding sources, we are here to help you navigate the process and identify potential sources of funding.
