Announcements

Keck Research Program

The W.M. Keck Foundation [Research Program](#) supports high-risk, high-reward STEM research that is not likely to be supported by traditional funding agencies (e.g., NIH, NSF, DOD). This program is a limited submission competition. The foundation only reviews one proposal at a time during a year-long, two-phase application process. Faculty interested applying to this program should submit concept papers following Keck [guidelines](#) to [Foundation Relations](#) by **October 25, 2023, by 5 p.m.**

How to Win a Grant from the American Philosophical Society

The [American Philosophical Society \(APS\)](#) serves scholars in the *humanities, social sciences, and natural sciences* through its [grant](#) and [fellowship](#) programs. UO *faculty and graduate students* are invited to join Director of Grants and Fellowships, Linda Musumeci, and faculty colleagues from around Oregon in a virtual workshop on **October 20, 2023, at noon**. At this event, she will describe strategies for developing competitive proposals. Please [register](#) for this event by **October 15, 2023**.

Scialog® Fellows Program

Research Corporation for Science Advancement [Scialog®](#) program supports research, dialogue, and community building around specific themes to address scientific challenges of global significance. Each theme runs for three years, with one meeting each year held in Tucson, AZ. Each meeting brings together ~50 Fellows across disciplines, with the goal of launching innovative, collaborative, interdisciplinary projects supported by one-year grants of \$60,000 in direct costs per Fellow. For the theme on [Automating Chemical Laboratories](#) (April 2024), submit nominations in **early October 2023**. For themes on [Sustainable Metals, Minerals, and Materials](#) (September 2024) and [Early Science with the Legacy Survey and Time](#) (November 2024), submit nominations by **March 1, 2024**. Self-nominations are welcome.
