Announcements

Strategic Investment Funding from the Office of the Vice President for Research and Innovation

The Office of the Vice President for Research and Innovation offers the [Strategic Investment Fund](#) grant mechanism to support and build capacity to position research teams for success in securing major, center-scale grant opportunities, or to create a series of investments (federal, state, philanthropic) in a strategic research area. There are two levels of this award: Track 1 Awards for up to \$85,000 for a project period of up to 12 months, and Track 2 Awards for up to \$250,000 for a project period of 12-36 months. Anyone interested in applying to the Strategic Opportunity Fund should contact [Research Development Services](#) to set up a pre-consultation to determine if this mechanism is appropriate before undertaking significant work on the application. Applications are accepted at any time.

Reminder on Limited Submission Process at the UO

This is a friendly reminder to the UO research community about the limited submission process. Limited submissions occur when the funding agency restricts the number of applications allowed by a single institution. All applicants to limited submission opportunities must fill out a [notice of intent to submit](#) form. If more interested applicants exist than there are available slots, the Office of the Vice President for Research and Innovation (OVPRI) runs a review of pre-proposals to select the best candidates to move forward with application development. Special guidance describes the process when an interested applicant comes to OVPRI within six weeks or less of the funder deadline. To learn more, visit the OVPRI webpage on [limited submissions](#).

Internal Funding Opportunities

School of Law

[Consumer Protection Research Grant](#)

Extended Application Deadline: February 9, 2024

Diversity, Equity, and Inclusion Opportunities

American Psychological Association

[APF Beth N. Rom-Rymer Dissertation Research Award for Native Psychology Students](#)
