Announcements

UO Foundation Trustee Excellence Grants

The [UO Foundation Trustee Excellence Grant](#) program aims to advance exceptional research, scholarship, or creative work by UO faculty in ways that translate to significant impact—be those contributions to their field of scholarship, the discovery of new knowledge, and/or meaningful connections and partnerships with communities. The UO Foundation will fund two awards of up to \$50,000 each to individual faculty members who demonstrate a plan to advance high-impact scholarship and research in instances where faculty resources and/or external funding opportunities are limited. Faculty with significant active external or internal research funding are not competitive for this program. Interested applications should contact [Research Development Services](#) to determine whether their project aligns with the grant program's goals. The application deadline is **March 31, 2024, by 11:59 p.m.**

Graduate Student Resources

The Office for the Vice President of Research and Innovation provides a range of resources, trainings, and tools for graduate students seeking funding for their research, including a [website](#) with proposal writing resources, recorded videos about finding and applying to funding outside the UO, and important policies and procedures regarding applications for external funding. [Research Development Services](#) welcomes inquiries from students seeking assistance with their research applications.
