National Humanities Alliance Annual Meeting and Humanities Advocacy Day

The UO seeks faculty interested in participating the National Humanities Alliance (NHA)'s 2024 Annual Meeting and Humanities Advocacy Day. Together, the Office of the Vice President for Research and Innovation, the Office of Federal Affairs, the College of Arts and Sciences, and the Oregon Humanities Center (OHC) will fund all expenses for one or two UO faculty to travel to Washington DC, participate in the NHA's Annual Meeting (**March 10-12**), meet with members of Oregon's congressional delegation and their staffs to advocate for federal support for the humanities and humanistic social sciences (**March 12**), and meet with program officers from one of the relevant federal funding agencies (e.g. National Endowment for the Humanities, National Archives and Records Administration) to learn more about their grant programs. To volunteer for this opportunity, please contact OHC Director Paul Peppis.

Pivot Funding Opportunities Database

The UO has a subscription to Pivot, a searchable database of thousands of funding opportunities from around the globe for researchers in any phase of their education or career. Pivot also includes grants that support academic programs, conferences, travel, and more, as well as a list of internal awards at the UO. An OVPRI website provides instructions for signing in and using the database, which requires a UO email address. To request customized training on using Pivot, email Research Development Services.
