Announcements

National Endowment for the Humanities American Tapestry Initiative
American Tapestry: Weaving Together Past, Present, and Future is a wide-ranging special initiative at the National Endowment for the Humanities (NEH) addressing this country’s greatest challenges including sustaining democratic institutions, building a more just and equitable society, and protecting America’s cultural inheritance from the effects of climate change. The NEH supports this initiative through funding opportunities that elevate the role of civics in schools and public programs, promote media literacy, and use robust humanities research to examine threats to our democracy. The initiative amplifies the untold stories of historically underrepresented groups and promotes climate resilience in the cultural and educational sectors. The NEH encourages collaborations that support the goals of this initiative and its goals. Potential applicants may connect with potential partner organizations or contact Research Development Services for support.

Limited/Internally Coordinated Submissions

National Science Foundation
National STEM Teacher Corps Pilot Program
This is a limited submission opportunity. The UO is allowed to submit one proposal. To be considered, please submit the notice of intent to submit by the internal deadline date by 5:00 p.m.
Internal Deadline: July 1, 202

Curated Pivot Searches

**Pivot** is a funding opportunities database of available external funding opportunities from federal, non-federal and international sponsors across all disciplines and is accessible to UO researchers using your Shibboleth login.

Visit our Getting Started with Pivot page to learn more about using the powerful online funding database tool. We will show you how to identify funding opportunities, save alerts for on-going searches, and identify collaborators.

- Arts and Humanities
- Diversity, Equity, Inclusion
- Education Research and Social Sciences
- Environment Related
- Graduate and Postdoctoral Grants
- Honors and Awards
- Natural and Behavioral Sciences
- Technology, Math, and Data Sciences
- Translational Opps
- Training Programs and STEM Outreach

Are you trying to secure funding for your research? We can help.
We encourage researchers to contact any of our staff members to discuss research goals, strategies and potential funding sources. Email us to schedule an appointment to discuss your research interests, or visit our website to learn more about RDS services.
