## Announcements

### EPA Thriving Communities for Environmental Justice Grantmaking

Philanthropy Northwest is serving as a pass-through organization for the [Environmental Protection Agency \(EPA\) Thriving Communities for Environmental Justice Grantmaking Program](#), which will provide \$40 million for assessment, planning, and development projects in Alaska, Idaho, Oregon, and Washington over the next three years. While there is no limit on the number of applicants from a single organization, an organization may only receive one program grant. The first application deadline is **December 15, 2024**. A webinar about this opportunity is scheduled for October 9, 2024, at noon. [Registration](#) is required.

### NEH Webinar: Where We Are, and Where We Are Going

The [National Endowment for the Humanities \(NEH\)](#) is one of the largest funders of humanities programs in the United States. Its current activities include support for the American Tapestry Initiative with its goals of Strengthening Democracy, Advancing Equity for All, and Confronting the Climate Crisis, Humanities Perspectives on Artificial Intelligence, federal and international partnerships, and a new “applicant” experience. Learn more about these activities from NEH Director of Outreach Dr. Russell Wyland and faculty colleagues from around Oregon in a virtual webinar on **November 8, 2024**, from noon to 1 p.m. [Registration](#) is required.

### NOAA Funding and Engagement Webinar

The Association of Land-Grant and Public Universities will host a webinar on funding opportunities offered by the [National Oceanic and Atmospheric Administration \(NOAA\)](#) on **October 16, 2024**, at 10 a.m. This session will provide an overview of the type and scope of research NOAA conducts and funds, as well as discuss existing NOAA-university partnerships and what opportunities exist for those seeking NOAA funding for the first time. [Registration](#) is required.

### W. M. Keck Foundation Research Program

The [W. M. Keck Foundation Research Program](#) supports high-risk, high-reward STEM research that is not likely to be supported by traditional funding agencies (e.g., NIH, NSF, DOD). Applications to this foundation must be institutionally coordinated. Faculty interested in applying to this program should submit a [one-page concept paper](#) conforming to Keck’s guidelines to [Foundation Relations](#) by **November 1, 2024**, by 5 p.m. for internal consideration.
