Announcements

Funding Opportunities for COVID-19 research

The University of Oregon’s Office of the Vice President for Research and Innovation is seeking proposals for 
limited submissions from UO faculty, graduate students, and research staff to a funding opportunity 
related to COVID-19. UO faculty and graduate students must apply through Research Development Services (RDS) at the following link: [limited submissions link]. Applications are due by June 18, 2020.

Limited/Internally Coordinated Submissions

Limited submissions are internally coordinated limited funding opportunities from outside the University of Oregon. Limited submissions are restricted to a certain number of applications by the University and are closed to additional applicants once the limit is reached. Limited submissions are available in a variety of disciplines, including arts and humanities, environment and sustainability, health and wellbeing, and science and technology. For more information, please visit [limited submissions page].

Diversity, Equity, and Inclusion Opportunities

Family Education Coordinator

The Family Education Coordinator coordinates programs that provide family educational opportunities, including the Annual Parents’ Nightout. For more information, please visit [Family Education Coordinator page].

Diversity, Equity, Inclusion, and Social Sciences

Pivot is a free opportunity database of federal, non-federal, and international sponsors across all disciplines and is accessible to all UO students, staff, and faculty. Pivot offers a diversity of funding opportunities, including the Outstanding Social Work Doctoral Dissertation Award, which is available to students who have submitted a dissertation to the University of Oregon. For more information, please visit [Pivot database page].
