Sloan Research Fellowship

The Alfred P. Sloan Foundation has announced its 2022 cycle for Sloan Research Fellowships for early-career, tenure-track faculty in chemistry, computer science, Earth system science, economics, mathematics, molecular biology, neuroscience, physics, or a related field. Fellows also have a teaching assignment. Each department is allowed to nominate up to three candidates. If you are interested in being considered for this program, please reach out to both your Department Head and Foundation Relations by August 1, 2022.

Curated Pivot Searches

Pivot is a funding opportunities database of available external funding opportunities from federal, non-federal and international sponsors across all disciplines and is accessible to UO researchers using your Shibboleth login.

Visit our Getting Started with Pivot page to learn more about using the powerful online funding database tool. We will show you how to identify funding opportunities, save alerts for on-going searches, and identify collaborators.

Are you trying to secure funding for your research? We can help.

We encourage researchers to contact any of our staff members to discuss research goals, strategies and potential funding sources. Reach out to schedule an appointment to discuss your research interests, or email us to learn more about RDS services.
