Announcements

Changes to our Limited Submissions Process

The Office of the Vice President for Research and Innovation (OVPRI) has modified the limited submission process based on recent faculty feedback. Limited submissions occur in select government agencies and industry sponsors. These limited submissions may require an internal review process, pre-proposal, request for information (RFI), or request for assistance (RFA). If you have questions, please contact Research Development Services at 541-346-8308.
