Announcements

Research Funding Program
The Office of Research and the Division of the Vice President for Research invite researchers to participate in the Research Funding Program. The program is designed to provide seed funding for promising research projects that are likely to attract future external funding. Details about the program are available online and interested Principal Investigators (PIs) are encouraged to submit proposals. Applications are due September 1, 2022, and a decision will be announced by September 30, 2022.

Limited/Internally Coordinated Submissions

Johnson & Johnson
The Office of Research and the Division of the Vice President for Research invite researchers to participate in the Johnson & Johnson Innovate Program. The program provides seed funding for early-stage research projects that have the potential to advance Johnson & Johnson’s innovation priorities. Applications are due September 15, 2022, and a decision will be announced by October 1, 2022.

Featured External Opportunities

Sony (Innovation)
The Office of Research and the Division of the Vice President for Research invite researchers to participate in the Sony (Innovation) Program. The program provides seed funding for early-stage research projects that have the potential to advance Sony’s innovation priorities. Applications are due October 15, 2022, and a decision will be announced by November 1, 2022.
