Announcements

Moore Inventor Fellowship

The Gordon and Betty Moore Foundation’s Moore Inventor Fellows program supports early-career inventors in translating their scientific innovations into practical applications. Smithsonian Institution offers the program in partnership with Arnold Arboretum, National Academy of Sciences, National Academy of Engineering, National Academy of Medicine, National Library of Medicine, National Museum of Natural History, and the Smithsonian's Office of Research and Development. The Moore Inventor Fellowships are awarded in the following five fields: biodiversity discovery, environmental conservation, and patient care; allowing these scientist-inventors to focus on their inventions. Candidates must be no more than 10 years past receiving their doctoral degree and working for no more than 10 years past receiving their doctoral degree. The program provides $750,000 in support for up to three years. To apply, please visit the program’s website. Applications are due on October 4, 2022.

Limited/Internally Coordinated Submissions

National Science Foundation

The National Science Foundation invites proposals for the Program in Geosciences, Climate Research and Education. This program supports research and education in the geosciences, with a focus on understanding the dynamic Earth system. The program has two main areas of focus: understanding the Earth system and improving climate science education. The program is open to researchers from all U.S. institutions of higher education, and proposals are due on October 4, 2022.

Diversity, Equity, and Inclusion Opportunities

RDS

RDS staff identify a sample of announcements and solicitations that are of interest to the UO research community. These opportunities are broadly interesting to the UO research community and all TTF faculty, NTTF research faculty, and graduate students at the University of Oregon automatically receive this email. Why am I receiving this email? If you are interested in learning more about the research development services offered by RDS, please contact us. Email us to schedule an appointment.
