**Announcements**

UO's Limited Submission Process
This is a friendly reminder to the UO research community about the Limited Submission process. Limited submission opportunities are issued by funding agencies to restrict the number of applications that can be submitted by any one institution. UO researchers must submit a Limited Submission Letter of Intent. If there are more interested applicants than can be accommodated, Applications for Research Excellence (ARE) committee will review Letters of Intent. Review and selection of recipients will be based on the quality of the Letter of Intent. The Office of Research Services will post the selected Letter of Intent on the RDS website.

New Guidelines from National Science Foundation
The National Science Foundation (NSF) has issued a revised version of the NSF Proposal and Award Policies and Procedures Guide (PAPPG). The new PAPPG will be effective for all proposals submitted or due on or after January 30, 2023. You can learn more about the changes on NSF’s website and apply for funding in the new year.

**Diversity, Equity, and Inclusion Opportunities**
American Association of University Women
Research Development Services
Applications Due: December 31, 2022

Howard Hughes Medical Institute
Innovate Oregon Challenge Program (Innovation)
Applications Due: December 12, 2022

If you have any questions or need assistance, please contact us.

---

**Provenst Initiatives Opportunities**
National Science Foundation

**Curated Pivot Searches**

Funding opportunities database of available external funding opportunities from various sources, including federal, non-federal, and international sponsors across all disciplines and is accessible to UO researchers using your Shibboleth login.

We encourage interested researchers to contact our team to discuss your research interests, or goals, strategies and potential funding sources. We encourage interested applicants to come to OVPRI within six weeks or less of the funder deadline. To assist with application development, special guidance describes the process when an applicant comes to OVPRI after the deadline.
