Funding Opportunities for COVID-19 Research

The Office of the Vice President for Research and Innovation (OVPR) is offering limited opportunity to fund proposals in the COVID-19 field. These limited COVID-19 funds supplement existing internal funding opportunities. For additional information, contact the Program Officer listed on the OVPR website.

Research Development Services Workshop Critical for Water Resource Research

To disseminate innovative earth system solutions, the GeoCenter is hosting a series of webinars to present research and opportunities for collaboration. For more information, visit the GeoCenter website.

Reemtsma Research Mentoring Office: Research Mentoring Opportunities

Open opportunities for graduate students, postdocs, and junior faculty to mentor undergraduate researchers. For mentorship opportunities, visit the Research Mentorship Program website.

Funding Opportunities Newsletter

The Research Development Services (RDS) newsletter provides a sample of funding opportunities. If you are interested in receiving the newsletter, please visit the RDS website.

Why am I receiving this email?

We are sending this email to researchers who have opted in to receive funding opportunities. If you are interested in receiving the newsletter, please visit the RDS website.

If you are interested in applying to this opportunity, please contact the Foundation Relations Office.
